EDUCATION

B.E. Biomedical Engineering

Dhanalakshmi Srinivasan College of
Engineering and Mamalapuram,
Chennai. 2022-2026
CGPA: 8.47 / 10

SKILLS

Professional

Biomedical Instrumentation
Medical Devices
Application Support
Preventive Maintenance
Calibration
Embedded Systems

Soft Skills

Communication
Presentation
Problem Solving
Team Collaboration

LANGUAGE

- English - Fluent
- Tamil - Fluent

PROFESSIONAL SUMMARY

Biomedical Engineering graduate with a strong foundation in medical devices and biomedical instrumentation. Gained hands-on experience in the maintenance and basic troubleshooting of medical equipment. Eager to apply technical knowledge and problem-solving skills while contributing to organizational growth and professional development.

INTERNSHIP EXPERIENCE

Biomedical Engineering Intern

Oct 2025 - Jan 2026

GEM Hospital, Chennai.

- Assisted in maintenance of patient monitors, ventilators, ECG machines, and infusion pumps.
- Observed laparoscopic and endoscopy systems in OT/ICU and supported maintenance documentation.

Intern-NIEPMD

Jul 2025

(National Institute for Empowerment of Persons with
Multiple Disabilities), Chennai.

- Gained exposure to rehabilitation and assistive medical devices.
- Observed assessment and fitting procedures for assistive aids.

Intern - Critical Care & Assistive Devices

Feb 2025

Medcuore Chennai.

- Learned basics of critical care equipment and assistive technologies.
- Assisted in understanding ventilators, monitors, and patient support devices.

PROJECTS

Design of an NABH-Compliant IoT-Based

Dec 2025 - Jun

Smart ICU Monitoring and Maintenance System.

2026

- Developed an NABH-compliant IoT-based Smart ICU Monitoring and Maintenance System for real-time patient and equipment monitoring.

Incubator Temperature Regulation System.

Sep 2024 - Dec

- IoT-based system to manage incubator temperature.
(Automatically)

2024

CERTIFICATIONS

- Completed Inplant Training in Embedded Systems at Codebind Technologies.
- Completed Workshop Titled Wearable Technology in Health care and Certified by Veridian Micro lab Pvt Ltd.
- Completed 30days Masterclass in Artificial Intelligence conducted by NoviTech.
